

HB 2040

LABOR AND COMMERCE

1. Line 192, substitute, after error.

insert

For the purposes of this subdivision, "administrative error" means an error committed by the Commission on an individual claim due to circumstances associated specifically with that claim. "Administrative error" does not include (i) a programming or technological error, not directly associated with an individual claim, that results in overpayments to a group of claimants or (ii) decisions reversed in the appeals process.
